

ALL THE WORLD'S A SHOW! SEE IT DAILY IN THE COLUMNS OF THE EDMONTON CAPITAL

IT'S STRUCK AT ONE HUNDRED FEET! IS THE REPORT COMING FROM IRMA

READY MONEY FOR
ALBERTA FARMERS,
LIBERAL PLATFORM

R. Mitchell, Provincial
surgeon, Makes Im-
portant Announcement.
LIBERAL EXECUTIVES
HOLD ANNUAL BANQUET
General Election Within Three
Months Predicted, if Mani-
toba Goes Tory.

That both Edmonton seats and the
provinces will return liberal members
at the next election was the belief
expressed by several speakers at the
banquet of the liberal executives
of the city, held at the Yale hotel last
night. Hans J. Logan, for twelve
years member in the dominion house
for Cumberland, Nova Scotia, said that
an old parliamentarian he was sup-
posed to be able to hear the ground
rumblings afar off, and he would not
be surprised if a general election was
called from Ottawa inside three
months. People seemed to think that
if the Rodin machine ground out the
liberal principles in Manitoba, there
would be a general election throughout
the dominion in October or November.
He said it would be a crying shame if
one of the Edmonton seats should go
to the conservatives at the next elec-
tion. He suggested that the liberals
throughout the dominion should, if the
election was postponed till next year,
hold a convention such as was held in
1917 and rally round the platform of
"No taxation on the food of the
people." He conveyed the greetings of
the liberals of the maritime provinces,
where he said were never in better
fighting shape and said that after see-
ing their enthusiasm he felt like pro-
posing another change of govern-
ment at the next election.

"Disunion Done With."
"Let no man dare to whisper one
word about disunion in the liberal
party in Edmonton," declared Hon. A.
M. Mackay, in making a strong appeal
for unity and should to shoulder fight-
ing for the liberal cause. "I have
heard that there was some little dis-
cussion in the liberal ranks," he said,
"but that is past and gone. Tonight
we are a united party, and will go
forward in shoulder to shoulder to promote
the liberal cause." (Applause.)

Mr. Mackay and Mr. Logan both
drilled to the toast "Canada—a nation
within the Empire." He said that the
people of the British nation was never
better exemplified than in South Africa
today, the leaders of the war of 1900,
instead of cracking rifles at each other
in the field, were recently assembled
round the same banquet table in Lon-
don, cracking jokes at each other.
Mr. Mackay showed the significance
of Canada's place within the Empire
as the largest and most populous of the
overseas dominions. He gave
striking figures to show the increase
in Canadian trade with the United
States since the Wilson-Underwood
tariff came in and said that the in-
crease in the amount of American
merchandise received for Canadian cattle,
horses, hogs, oats, wheat and flax seed
in the months of 1912, as compared
with the whole of 1912, was \$16,745,000.
Mr. Mackay paid generous tributes
to the leadership of Sir Wilfrid Laurier
and said that perhaps his greatest con-
fidence as a statesman was seen in the
creation of many peoples under one
roof within the dominion. "You will
not make people loyal by flouting the
flag in their faces, but by letting them
see that our laws are fair and that our
public men are honorable and honestly
trying to make Canada a better coun-
try to live in," he declared.

Progressive Alberta.
The toast was proposed by C. S.
McLean.

H. Milton Martin, in a witty and
able speech, proposed the toast of the
"Union of the Empire." Mr. Martin
expressed the opinion that Alberta has
the most progressive government in
the dominion of Canada today. (Ap-
plause.) The statue books of the pro-

(Continued on Page Seven.)

FOLICE INQUIRY RESUMES FRIDAY.

The police inquiry will re-
sume at 10 o'clock tomorrow
morning. O. M. Pignat, K.C.,
K.C. A. F. Evans, K.C., counsel
in the investigation, have only
just returned from Lagan.
There have been been attend-
ing the meetings of the Law So-
ciety. Mr. Pignat at noon to-
day was unable to attend, and
much longer the inquiry was
likely to get in, as he had not had
time to get in, in touch with the
witnesses since his return.

EDMONTON GETS A GREAT BOOST FROM MAGRATH

He Addresses the Seventh Annual Con-
vention of the National Association of Real
Estate Exchanges in Pittsburg—Says
This is a Community of Metropolitan
Enterprise.

(Special to the Capital.)
Pittsburg, Penn., July 9.—The cap-
ital city of the province of Alberta was
brought to the fore prominently and
favorably here yesterday afternoon at
the seventh annual convention of the
National Association of Real Estate
Exchanges, when W. J. Magrath,
president of the Edmonton Industrial
Association, delivered his address upon
Edmonton, referring to it as a com-
munity of cosmopolitan complexion
and metropolitan ambitions, enterprise
and progress.
"Edmonton," he said, "is a city with
a heart, a soul, a conscience. It stands
four-square. Its record is an open
book. It has proved its worth. It has
been tried and it rings true—sound to
the core."
At the close of his remarks, in which
he dwelled upon the glories of the
"last west," a delegate, rising to
his feet on the floor of the conven-
tion, asked: "Where does the West be-
gin?" Mr. Magrath replied by quoting
the last verse of an anonymous poem,
as follows:
Out where the world is in the making;
Where fewer hearts from despair are
aching,
That's where the West begins.

TWO COAL MINERS HAVE REMARKABLE SUCCESS IN WEST

Come to Edmonton as Result of Chance Letter to Industrial Com-
missioner—Leave 500-A-Week Jobs in Alberta Mines for
Agriculture—Interest Capitalists in District.

Great oaks from little acorns grow-
ven in the field of industrial pro-
gress.
So thinks George M. Hall, industrial
commissioner of the city, because a
letter written by a coal miner of Day
City, Michigan, 15 months ago, has
brought at least two large, thrifty, in-
dustrial families to the Edmonton
district, and prospects are that it will
result in a great deal more.
The letter was sent to Mr. Hall by
William Heath, when the latter was
digging coal out of the bowels of the
earth at Day City. The immediate re-
sult was that Mr. Heath and a fellow
coal miner, William Hathaway, both
of whom were formerly coal miners in
Britain, came to Edmonton.
It might be said that their luck
started the minute they stepped off
the train here, for the first jobs they
stuck were ones at which they made

CROPS IN SOUTHERN ALBERTA ARE BETTER THAN WAS EXPECTED

Hon. A. J. McLean, who arrived in
the city this morning from the south
after attending the Lethbridge fair,
states that the crop is better than ex-
pected in the south of the province,
considering the dry weather. East of
Lethbridge and in the Yabber district
the crops have not had as much mois-
ture as other parts of the south, and
the crop will be light. In the Plincher
Creek district the crop will be good,
the fall wheat having come through
the winter in fine shape.
Mr. McLean states that the Leth-
bridge fair was the best ever held in
southern Alberta, there being a splen-
did showing of all classes of live
stock.
Good progress is being made on the
erection of the new jail at Fort Sas-
katchewan, which will be ready for
the reception of prisoners this fall.

Johnson's Pitching Wins Bride Hero of Fans Weds Miss Roberts She is Congressman's Daughter

PROFESSOR EDWARDS TO ADDRESS BOARD OF TRADE TUESDAY

Prof. W. M. Edwards, who is in
charge of the research laboratory at
the University of Alberta, has been
invited and has consented to give an
address at the board of trade meet-
ing and luncheon to be held Thurs-
day, commencing at one o'clock, at the
Empire hotel.
The board of trade believe that
there may be a large number of small
manufacturers in the city who may
not be aware that a laboratory exists
and that its services are available to
the public.
For this reason everyone is welcome
to the luncheon, whether members of
the board or not. Secretary Pugh
requests that those who intend going
and who are not members advise him
by phone, so that, should an unex-
pectedly large number come, plenty of
accommodation will be ready.

FAMOUS DUFFERIN TERRACE IN RUINS! DESTROYED BY FIRE

Quebec, July 8.—The famous Duf-
ferin Terrace is in ruins. Shortly after
noon today a fire broke out near the
band stand in the wooden planking
where small fires during the dog days
are not infrequent. It was seen, how-
ever, that today the outbreak was be-
yond the ordinary. The huge volume
of smoke at first created the impres-
sion down town that it was the Chateau
Frontenac itself, which had caught.
The hurrying fire men were closely
followed by a crowd which packed the
neighborhood of the Chateau Frontenac.
At 12:30 this afternoon flying marks had
carried the flames to Des Hermappe

MEANS EDMONTON BECOMES CENTER ALBERTA FIELDS

Going Through Layer of Rock Immediately Above
Fluid Makes Strike Look Genuine—Standard
Known to Have Had Men in District—Is South-
eastern End of Great Anticline—Californians
Take up Remaining Leases Where Maritime is
Drilling South of City—People's Exchange
Open Today.

(Special to the Capital.)
Irma, Alta., July 9.—Two of the men arriving this morning
from the drilling outfit of Woods and Merry state that they struck oil
a few miles west of Irma at a depth of only 100 feet after passing
through five feet of sand and rock.

The foregoing dispatch, received by
the Capital this afternoon, means that
an entirely new field, where develop-
ment has been actually started, has
been opened up, of which Edmonton will
be the center and most of the area of
which will be in the Edmonton land
district.
Irma is on the G. T. P. east of the
city, two stations west of Wainwright
and it is said that it is located just
about at the southern end of the great
range of anticlines which geologists

say runs from there northwest to the
Saskatchewan river through the Birch
Lake district, which is stated to be the
axis of the anticline or range of anti-
clines.
A significant feature of this report is
that before striking oil the drillers
passed through five feet of sand and
rock. This coincides exactly with all
reliable oil indications, as an oil field
containing any large amounts of the
fluid must have an impervious layer
immediately above it.
It is also well known that men con-
necting with the Standard oil interests
in the states have been cruising about
that part of the country recently and
are supposed to have reported the dis-
trict as being more favorable, as a
large, permanent field, than any in the
province.

This means that for the third time
the first well to be drilled in the Al-
berta field has struck oil, but any-
way reports and opinions of some geologists
can be taken for what they should be
worth, this latest strike is of great
significance than either of the others,
for the experts say that should oil be
found there at all, it will be in large
quantities.

It means, if the strike should prove
to be a permanent character, that Ed-
monton has become the center of the
Alberta oil fields.
Another important development in
the oil situation, which will also tend
to make Edmonton the undisputed cen-
ter of the Alberta fields, is the filling
on some land east of Leduc by a party
of Californians who have been in the
city and district for the past couple of
weeks, accompanied by a geologist,
but have been saying nothing. Even
yet they do not wish their names to be
divulged, presumably because they
wish to file on more land, but anyway
they have filed on practically all the
available land in the district near
Leduc on which the Maritime Petrol-
eum company is now drilling with good
prospects indicated. They explain
that they filed on these lands because
their geologist had given it as his opin-
ion that it was the most promising dis-
trict they had visited.

Campbell M. Hunter, one of the noted
British geologists, is expected to be
in the city about July 15. He is coming
at the invitation of Industrial
Commissioner George M. Hall, and
will look over all the fields he can get
to in the Edmonton district, it is
thought.

The members who have already joined
the People's Oil exchange, which
opened this afternoon in the Excelsior
auditorium, held a meeting in the
morning to agree as to rules and regu-
lations for its operation. The rules of
the Calgary exchange, which were to
have been sent by mail, failed to ar-
rive in time, however, and the long
distance, telephone was brought into
play, with the result that they were
all sent up by phone. It took 15 min-
utes of shouting to take them all by
short-hand.

Over 25 of the 41 booths have already
been taken up in the new ex-
change. Three of them by ladies. Over 50 seats
had been bought up till noon today,
which means that more than half of
the 350 seats were taken before the
exchange opened.
The child trading on the Capital
City exchange at last night's session
was in Nakamun. Several brokers
sold small blocks on the strength of
promises of delivery made by clients,
but had to rush from office to office
last night in order to "cover up," as
they found that those who were
to have sold could not deliver the stock.

MEETING TONIGHT TO FORM CLUB FOR CITY TENNIS COURTS

A meeting will be held in the Tech-
nical school, on Syndicate avenue and
Short street at 8 o'clock tonight,
Thursday, July 9, for the purpose of
discussing the formation of a tennis
club for the use of the city tennis
courts just north of the Technical
school. A large turnout is requested
of all those interested.

DUTCH DAIRY FARMERS TO CHOOSE EDMONTON DISTRICT AS COLONY

Jon Postma, of Rotterdam, who has been looking over Western Canada with a view to finding the best district for the settlement of a colony of about 250 experienced and scientific Dutch dairy farmers, has left for the north, according to statements made by him and the other Dutch capitalists who are interested in bringing the colony out to Canada, will probably choose the Edmonton district as the location for their operations.

Mr. Postma gives as one of his reasons for believing this district so favorable that the rainfall is copious. In this respect it is better than the southern part of the province, which is otherwise very well adapted. In Holland about half of the farmers do not own their own farms and thousands in that country look toward Alberta as the land of real opportunity.

Heads of colleges in British universities are variously known as wardens, masters, principals, rectors, provosts, presidents, deans and canons.

EDMONTON BETTER LIVE STOCK MARKET THAN CALGARY NOW

That guess never before looked as good as they do this season in the bowden district. Is the statement made by A. McLean, a well known live stock man of Bowden, who is in the city with a large shipment of beef.

Leann's marketing his hogs here adds another piece of evidence toward the conclusion that Edmonton is fast becoming the live stock market for the west. Bowden is much nearer Calgary than it is to Edmonton, but Mr. Mc-

Lean is here with the hogs. He believes that money stringencies and change in the hat do not matter men who make their living from mixed farming in the same extent as those who go in for more speculative propositions—agricultural and otherwise. The live stock market, he states, is a little dull, but the marked increase in production is having a beneficial and countervailing effect.

Salvation Army Band
The Salvation Army Silver Band is holding a musical festival tonight at the Army hall, Fraser avenue, commencing at 8 o'clock.

STATEMENT OF LICENSES ISSUED FOR PRESENT YEAR

F. G. Forster, chief license inspector, reports that the liquor license branch of the attorney general's department has issued the following licenses:

Hotel licenses, 103; wholesale licenses, 14; bartender's licenses, 146; brewery licenses, 7; dining car licenses, 8; commercial travelers licenses, 8; pool room licenses, 24.

Over 8,000 foreign students are enrolled in German universities.

Pope Issues Decree.

Rome, July 8.—The pope has issued a decree forbidding priests to join labor organizations, on the ground that these bodies provoke class hatred and consequent division among Catholics. The decree applies only to Italy.

LOOKS AS IF CASE OF STORSTAD WILL YET BE FOUGHT IN ADMIRALTY

Montreal, July 8.—The motion for pleadings in the action of the C. P. R. company against the owners of the Storstad, which rammed and sank the Empress of Ireland, was granted yesterday by the judge in chambers. This is thought to indicate that the case will be fought in admiralty court instead of in the district court as was supposed.

Verdict Accidental Death.
London, July 8.—A verdict of accidental death was returned by the coroner's jury after an inquest today into the death of the young baronet, Sir Denis Anson, and Mitchell, a young landowner, in the Thames last Friday night.

ESKIMOS WON AND LOST AGAINST RED SOX DIAMOND WAS SIX FEET SHORT-FIRST GAME PROTESTED

Afternoon Score 5 to 1 for Regina; Evening Game 10 to 1 for Edmonton—Chapman Held Sox Scoreless Until Ninth—Edmonton Should Win Protest.

Regina, Sask., July 13.—The Red Sox and Eskimos won and lost yesterday, but Deacon White hopes to have the afternoon win of the locals annulled. After the third out had been made to the ninth, the Deacon came over to the press box, borrowed a sheet of paper and formally protested the game on the ground that the diamond was too small. This came in a thunderbox to the local club, but Deak was telling on a cliche, as he had measured the ground the previous day, and only delayed protesting until his team lost. A tape line hooked up and with everybody crowding around the home plate and second was six feet seven inches short. It was fixed up for the evening game.

Jimmy Ryan was always master of the situation in the first game. Edmonton's only run came in the second when a steal and a balk were combined between two singles after two were out. The Sox hit Kraft opposite.

It was different in the evening. Bettorf or Schweinhart had nothing to lair the Eskimos and they rallied off 15 hits. Povey being the leader with four safe swats. Chapman was a puzzle and held the Sox scoreless until the ninth.

JOHNNY KILBANE WANTS TO FIGHT FREDDIE WELSH

Cleveland, O., July 13.—James Dunn, manager for featherweight champion pugilist, Johnny Kilbane, of this city, yesterday issued a challenge to Freddie Welsh, of England, new lightweight champion of the world, for a bout between Kilbane and Welsh for the lightweight title. Dunn asks Welsh to meet Kilbane at 135 pounds, ring-side, the regular light-weight limit.

S. O. E. Beat St. Paul's.

By a score of 2 to 1 the Sons of England last evening defeated the St. Paul's team in an intermediate match. The scores came one in each half, and the teams were evenly matched.

Oxford Beat Cambridge.

London, July 9.—Oxford beat Cambridge yesterday by 184 runs. O. C. Bristow was easily Oxford's best bowler, and D. J. Knight, R. H. Lamsden, were the prominent batsmen.

QUAKERS DROP ANOTHER GAME TO HAT 3 TO 2

Winners Piled Up Three Runs in First Inning and Held Their Lead.

Saskatoon, July 13.—Mother Dunn's Manufacturers took the third game of their series here last evening, 3 to 2.

They started out in the first innings as they did in the previous games and Eric won a lead which proved enough to win. Brown started off again for the Quakers but only lasted a few minutes. He walked base and hit Calhoun and the next two men up simple, with two men on base was put in but Brown cleared the sack with a three-bagger. From that time on heer was invincible and pitched a much better game than March. Whaling ran into Collins at the first with the result that Joe will be out of the game for some time, having received a broken rib. This caused a great deal of ill feeling between the players as it was thought that Whaling could have avoided the play. Martin came near starting a riot in the ninth when he called Harley some choice names and tried to fight. It was with difficulty that a fight was avoided. Cadreau was suspended last night for being out of condition and Harley is after some new players to fill the gaps made by accidents.

Score: R H E

ENGLAND VS. FRANCE DAVIS TENNIS MATCH: BELGIUM TEAM LOSES

Folkstone, Eng., July 5.—England yesterday won the doubles match against Belgium in the first preliminary round in the competition for the Dwight F. Davis international tennis trophy, and this, with their two successes in the singles matches Tuesday, gave them the victory in the first round.

H. Roper Barrett and T. M. Mavor, representing the English representatives, defeated W. H. De Villiers and A. G. Watson, Belgians, in three straight sets, 6-1, 6-2, 6-2.

The Englishmen met France in the second round at Wimbledon Saturday.

Buffalo, July 13.—(Federal) Buffalo won the fourth of the series from Pittsburgh, yesterday, 5 to 1. Star fire held by Hartford and Delahanty was feature.

ELECTION EVE IN MANITOBA FINDS FIGHT STRENUOUS

Public Meetings Are Being
Carried on Right Up to the
Last Minute.

SOME ELEVENTH HOUR ROORBACKS INTRODUCED

Liberal Leader Says No Doubt
About Result if Polls
Protected.

Winnipeg, July 8.—The provincial election campaign reached its penultimate stage last night, but in the city the public meetings will be carried on right up to the eve of polling. Tonight Mrs. Nellie McClung, whose personal campaign has been possibly the most noteworthy feature of the fight, the opposition has put up, in to address another meeting here. It is the first time that a woman has made any sort of mark in Manitoba politics, and this fact alone, outside her strong personal popularity, attracts big mixed audiences whenever she speaks.

The government forces are as confident as ever that they will sweep the province. One of the most conservative estimates they have yet put forward was when yesterday a prominent conservative that at the worst they admitted the opposition might carry 17 seats, leaving 22 to the government. These 17 seats, it was said, included every weak government constituency and allow the liberals three of the six Winnipeg members. On the other hand the opposition claim it is going to win out. The government meeting proper yesterday featured a report that Mr. Norris, the liberal leader, had privately admitted he stood no chance. Mr. Norris came back in the afternoon that the statement was false. On the contrary, he believes there is going to be a change. "The Roblin government is going to be beaten and badly beaten at that—on Friday," he added.

Solicitor Shows up Charge.
Tuesday night at Portage la Prairie Hon. Arthur Meighen, the dominion solicitor general, stated that Hon. G. W. Gordon (Ralph Connor) was a shareholder in a Neepawa hotel. Mr. Gordon is campaigning, the country and could not be reached by the local opposition leaders, but on his behalf F. L. Davis, solicitor for the individuals who started the hotel in question, this afternoon is quoted as saying that Dr. Gordon was one of the men who provided the money for starting the King Edward temperance hotel at Neepawa. When this hotel was granted a license, Dr. Gordon at once sold out.

Mr. Meighen was the principal speaker last night at a conservative meeting in support of the candidature of A. T. Hise, held at Assiniboia. Mr. Meighen dealt with the temperance question, defending unreservedly the policy of the Roblin government.

Opposes Direct Legislation.
Hon. Hugh Armstrong, provincial treasurer, spoke at Selkirk where a meeting in connection with Hon. Dr. Montague's campaign was held. Speaking of direct legislation, Mr. Armstrong alluded to Krafchenko, condemned to death for the murder of H. M. Arnold, bank manager at Plum Coulee. The appeal for the commutation of the death sentence, he declared, was signed by a lot of sentimental people. He did not believe any half of them wanted the murderer's sentence commuted. If people begin to legislate by means of petitions they would certainly get in worse.

J. W. Wilton, the liberal candidate for Lac Seul, held a meeting at St. James, and was supported by Edward Brown and H. L. Calder.

Herbert McEwen and J. H. W. Whitely, conservative candidates for Winnipeg south, addressed the electors in that constituency.

J. Willoughby and Newton Lowery, who are fighting for the liberals in Winnipeg north, also held a meeting, and P. A. Dixon, the independent candidate for center Winnipeg, spoke at an less than seven meetings during the day and evening.

Alleged Affidavits Published.
Winnipeg, July 8.—The speaking in practically over and most of the energy of the political parties in Manitoba will now be devoted to getting out the vote tomorrow. Mrs. Nellie McClung is to address another Winnipeg audience tonight, closing her campaign.

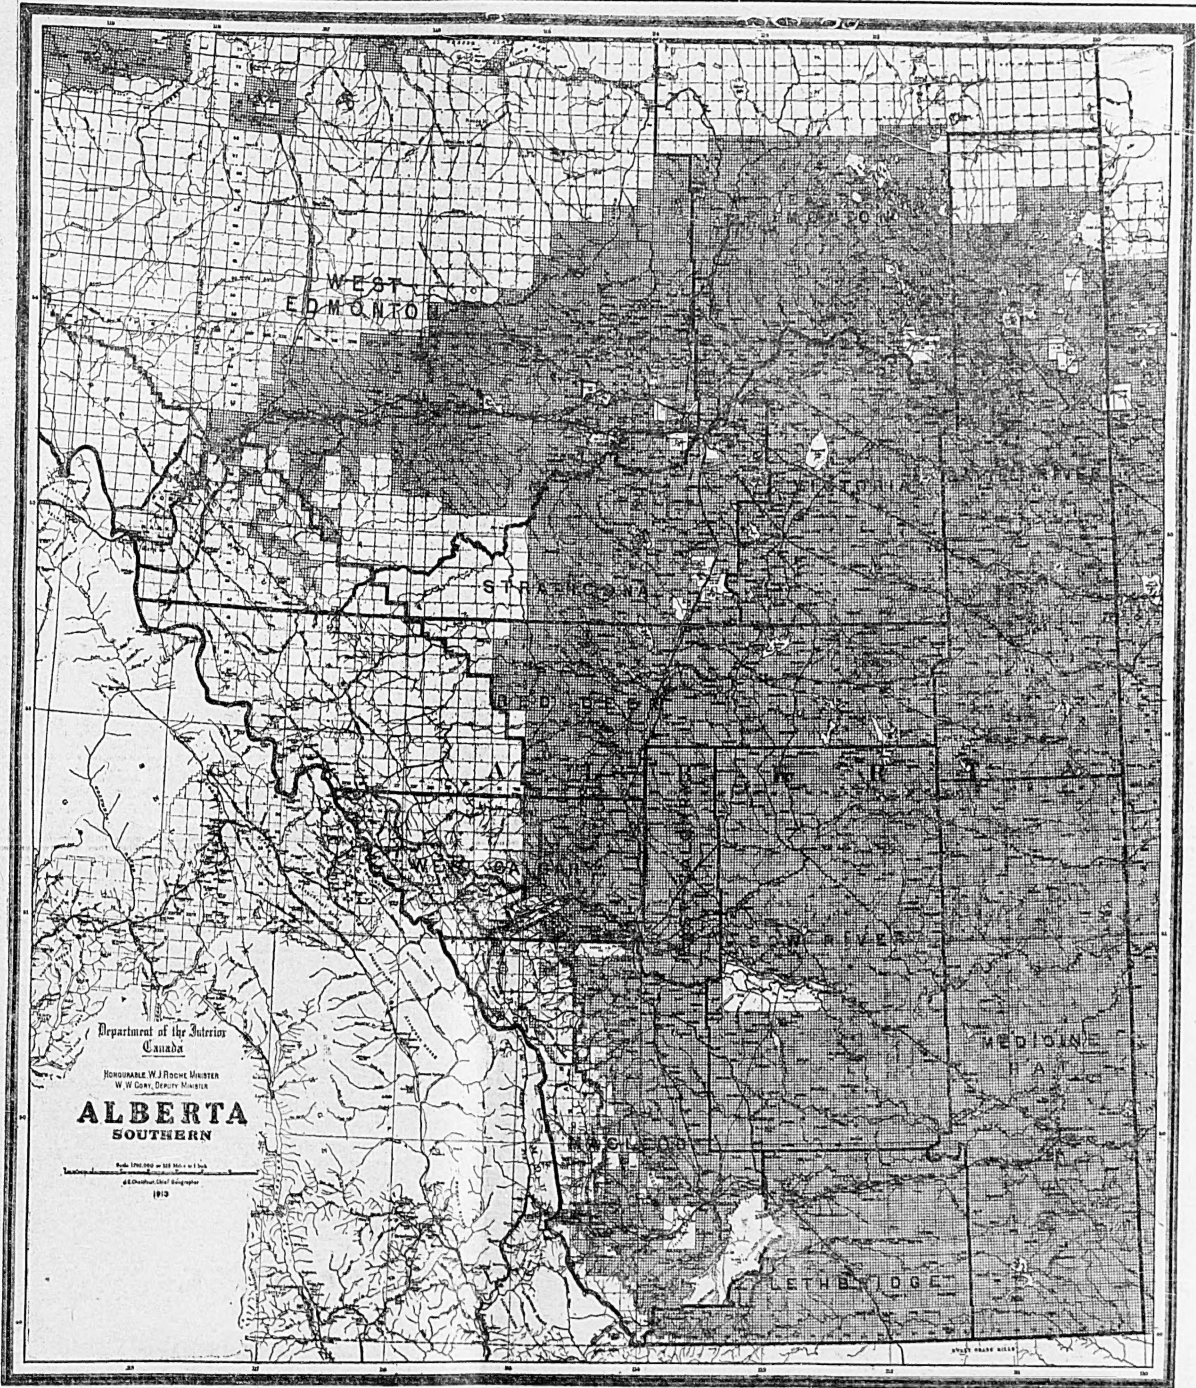

What is called a sworn confession implicating George W. Prout, liberal candidate opposing Dr. Montague, in the distributing of liquor and cigars to the electors of his constituency, is published this morning in the government press. An affidavit purporting to be signed by George Vincent, a business card had been canvassing for Prout for three or four weeks and that Vincent's name was "to give such electors whiskey and cigars and at the same time ask them to vote for Prout."

Alleged bearing the signature of Charles L. McPhail, driver of Vincent's car, backs up his statements. A message from T. O. Norris, the liberal leader, in which he predicts victory, is published this morning.

Rheumatism
Molecular and inflammatory—kill and swallow
cells, push to the back, etc., promptly relieved.
The latest, possessing all good things to the
best of the trouble, drive out the disease and
leave a normal condition. The standard
body remedy for rheumatism for a generation.

MAP SHOWING FEDERAL CONSTITUENCIES IN ALBERTA (As Adopted in Redistribution Bill)

tory, is published this morning. "In my judgment," says he, "there can now be no doubt about the result of the election provided the polls are protected and your vote is got out."

Under the heading "Hitting the lid on hidden politics," the Free Press this morning asserts that "a number of the ablest men in the detective profession on this continent have been in Winnipeg for several months. They were brought here by the executive committee of the liberal party." These detectives, it is asserted, have made daily reports, and all but one are still working here. The one left yesterday, it is stated, and some of his alleged experiences are reported. Scientific methods were used "to the limit." The expert, it is alleged, became intimate with various members of the so-called government "machine." In his record the detective tells of an alleged introduction to Premier Roblin.

Autos Thrown Overboard.
London, July 8.—Fifteen automobiles have been thrown overboard from the Anchor Line steamship California, which grounded on the rocks off Tory Island June 29. A part of the hold in the vessel was flooded and much of the cargo is known to have been lost.

NO MONEY STRINGENCY IN FRANCE; HUGE LOAN FORTY TIMES COVERED

Paris, July 8.—More than three and one-half billion francs (\$700,000,000) was paid over the counters of the treasury yesterday by the subscribers to the new government loan, according to the complete figures issued by the ministry of finance. The nominal capital of the loan issued was \$34,416,000 francs. This was subscribed for more than 40 times over, and the money paid in represents the first instalment of 10 per cent. Of this great sum seven-eighths was in hard cash, and the other eighth in treasury notes and bonds.

The issue surpasses all records, the last previous issue being that of \$3,000,000 francs in 1901, which was covered 24 times.

To Wipe Out Fire Blight.
Vancouver, July 8.—Fire blight, the orchard scourge which wiped out the pear-growing industry of California and which is threatening the irrigated districts of British Columbia, will be wiped out by the end of the year, declared Fruit Pests Inspector Cunningham, who has just returned from a two months' tour of the fruit areas.

BRITISHER EXPELLED FROM MEXICO AFTER COURT MARTIAL TRIAL

El Paso, Tex., July 8.—George St. Clair Douglas, the British subject, who was recently tried before a constitutionalist court martial at Zacatecas on a charge of having assisted the federalists in their defence of the city, has been ordered expelled from Mexico. Manuel Carlos de la Vega, revolutionary governor of Zacatecas, ordered the expulsion. Douglas is expected to arrive here in a few days.

TORY MINISTERS AND MEMBERS WILL TOUR QUEBEC THIS AUTUMN

Ottawa, July 8.—Among the federal political activities of the autumn will be a ministerial tour of the Quebec constituencies. Last spring Hon. Geo. H. Ferguson and Hon. Louis Coderre visited the eastern townships where they discussed the naval policy of the government. The ministers from Quebec and a number of the members will be in the party.

Toronto, I. A., has both public and private water systems.

OFFICERS OF PRESS ASSOCIATION FROM COUNTRY-WIDE AREA

Toronto, July 8.—At a meeting of the Canadian Press, limited, held yesterday, the following officers were elected: President, A. L. Slack, Montreal; secretary-treasurer, John Lewis, Montreal; first vice-president, E. H. Macdonell, Free Press, London; directors: L. Prince, La Presse, Montreal; W. M. Southern, Citizen, Ottawa; John Ross Robertson, Telegram, Toronto; J. F. Mackay, Globe, Toronto; J. E. Atkinson, Star, Toronto; W. L. Roblin, Telegram, Winnipeg; W. F. Kerr, Leader, Regina; J. M. Woods, Herald, Calgary and John Nelson, News-Advertiser, Vancouver.

Giant Labor Combine.

London, July 8.—The second of Britain's giant labor combines came into existence yesterday, when at the Caxton Hall, Westminster, a conference of representatives of unaffiliated labor approved a scheme whereby the General Laborers' National Council and the National Transport Workers' Federation amalgamated into one national union.
